

## Soil Quality Declaration

SGS INTRON Certificatie B.V.

**Declaration number: FEV-020/1**

By means of an audit carried out on the 17th day of March 2017, SGS INTRON Certificatie B.V. has determined that the product known as:

Venusstraat 2  
P.O. Box 267  
NL-4100 AG CULEMBORG  
T: +31 88 21 45 133  
[www.sgs.com/intron-certificatie](http://www.sgs.com/intron-certificatie)

### Cellular concrete

manufactured by

## Faber Celbeton B.V.

Productieweg 52  
2382 PD ZOETERWOUDE

meets the demands made in article 3.5.1 of the Soil Quality Regulation for solid building materials <sup>1)</sup>. The product is manufactured at the Productieweg 52 in Zoeterwoude. The product is categorised as a solid building material within the context of the Soil Quality Decree <sup>2)</sup>.

During the audit, 10 batches were assessed by means of batch testing, as referred to in paragraph 3.4 of the Soil Quality Regulation. The individual batches demonstrate a consistent quality. The composition and emissions comply with the maximum values in appendix A of the Soil Quality Regulation. The K-value for all parameters comply with the criterium in article 3.5.3 of the Soil Quality Regulation. The nature of the production process and the raw materials used means the product does not contain asbestos. The manufacturer has access to a functioning system of internal quality assurance as referred to in article 3.5.4. of the Soil Quality Regulation.

SGS INTRON Certificatie hereby declares that Faber Celbeton B.V. is permitted to issue a Soil Quality Declaration (FEV) for cellular concrete manufactured at the production site at the Productieweg 52 in Zoeterwoude under the conditions assessed during the audit. This confirms that these products meet the demands made in the Soil Quality Decree.

SGS INTRON Certificatie will, following the issuing of this declaration, not perform any periodic audit. As a result, no further statements can be made about the future quality of the cellular concrete manufactured. It is the responsibility of Faber Celbeton B.V. to ensure the environmental quality of the products remains within the audit's limits.

This declaration does not provide the right to use the name or the logo of the certifying agency on the Soil Quality Declaration (FEV) or to link the certifying agency with a legitimate expectation that the product in question will continue to meet the necessary demands.

This declaration was issued on the 22nd day of March 2017.
